MOHAWK
Cabling Excellence for Open Architecture

Mohawk 'Freedom of Choice'

- For over 50 years, Mohawk has been designing and manufacturing advanced cable solutions for Government applications globally, ranging from Command and Control Centers, Military Bases, High Bandwidth Data Center locations and Outdoor Deployment environments.
- Mohawk high performance Copper, Fiber Optic and Special Application cables meet your data networking, video, sound and security needs as well as providing a flexible and warranted option for Government installations.
- Mohawk has adopted and incorporated the ANSI/TIA-568-C document which states "This standard specifies a generic telecommunication cabling system for commercial buildings that will support a multi-product, multi-vendor environment." We are dedicated to this standard with our Open Architecture model which allows the option of Mohawk cable and your choice of connectivity.

ChannelMATE Warranty

Mohawk is dedicated to Open Architecture which allows you the freedom to choose a Mohawk connectivity partner (listed below) with any Mohawk cable product. To ensure your system requirements are maintained, Mohawk offers added protection through Mohawk's ChannelMATE 25-year extended warranty. This Open Architecture choice together with ChannelMATE protection offers a cost-effective solution to restrictive and costly end-to-end solutions.

Connectivity Partners

When choosing a Mohawk connectivity partner, you ensure work performed by a MAC (Mohawk Accredited Contractor) is covered by the ChannelMATE extended protection.

The extensive list of connectivity partners includes:

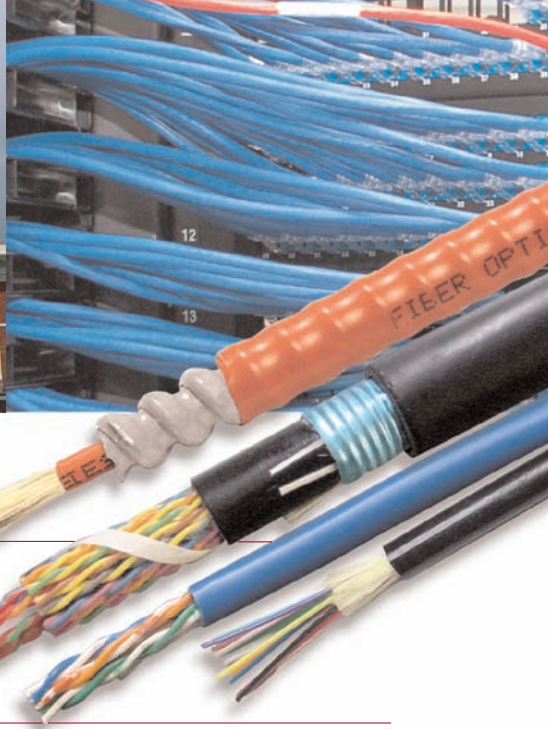

Copper Products: Hubbell Premise Wiring Inc., Leviton Premise Wiring Inc., Molex Inc., Ortronics, Panduit Network Systems Division, The Siemon Company, AllenTel and Other Third Party Verified Performance Products as tested by Nationally Recognized Test Laboratories (NRTL's)

Fiber Products: Corning Cable Systems, Hubbell Premise Wiring Inc., Leviton Premise Wiring Inc., Ortronics, Panduit Network Systems Division, The Siemon Company and Other Third Party Systems

All Mohawk cable products are in compliance with The Buy American Act (BAA), The Trade Agreements Act (TAA) and The American Recovery and Revitalization Act (ARRA) guidelines.

Compliance documentation is available upon request.

Government Cable Solutions

From Networking to Special Applications, Mohawk has the cable to meet your high bandwidth data transmission demands.

Networking Cables and Assemblies

Federal, State and Local Governments all demand superior voice, data and video performance from cable installations. To meet the evolving demands of Government network systems, our cables deliver performance essential to building a solid foundation for expanding and future data demands.

Copper Cables

- Category 6A UTP
- Category 5E and Category 6 UTP
- Category 5e, 5E and Category 6 F/UTP
- High Pair Category 3 and 5e
- VersaLAN Indoor/Outdoor Cat 5e, 6 and 25 Pair Cat 5e
- VersaLAN Indoor/Outdoor CMR/CMX Category 5e
- LAN-Trak Outside Plant Category 5e and 6
- Spectrum Low Skew Indoor and Indoor/Outdoor
- Bulk Patch Cable
- LSZH MarineGuard
- Copper Plug and Play Pre-Terminated Assemblies

Fiber Optic Cables

- SM/MM* Distribution
- SM/MM VersaLite Indoor/Outdoor Distribution
- SM/MM RiserLite Loose Tube
- SM/MM RiserLite Loose Tube Indoor/Outdoor
- RiserLite Central Loose Tube
- Central Loose Tube Outdoor
- Tactical Fiber available with field deployable reels
- Outdoor Loose Tube and Armored Loose Tube
- ArmorLite Interlocked Armored
- Fiber Plug and Play Pre-Terminated Assemblies

* Single-mode/Multimode

Field Installation Environments

For rugged field installation applications, our adaptable special application cables offer versatility and robust protection in the harshest environments. Whether you need to extend your current network to temporary facilities, set up field command communications or establish re-deployable audio/video communication environments, Mohawk has the specialized cable products that deliver maximum performance.

- Lan Trak Outside Plant
- VersaLAN 25 Pair Category 5e F/UTP
- Tactical Fiber Optic
- VersaLAN Indoor/Outdoor Category 5e and 6
- Cell Tower

Reliable Security Cables

Mohawk offers cable for security monitoring including video-surveillance cameras and card reader access systems to protect people and property.

- MegaLAN Category 5E UTP and F/UTP
- RG-6 and RG-11 Dual and Quad Shield Coax
- VersaLite TBF Indoor/Outdoor Tight Buffer Fiber
