

Cabling Excellence for Open Architecture.

Reliable network performance with flexible system choice

Mohawk's open architecture opens doors to a choice of system components. By selecting one of Mohawk's connectivity partners, you can be assured interoperability from backbone to the outlet for fiber and copper solutions.

All Mohawk structured cabling solutions have been verified by an independent third-party testing laboratory and are warranted to meet or exceed the latest industry TIA/EIA-568 standards. Test data provides additional guarantee that the cabling system will support the latest applications.

Keep up with evolving networks through the best of companies. For a free catalog or to find out more call 1 800 422 9961 or visit us at www.mohawk-cable.com.
